

## Bracket WS

Producer: ISIC A/S

ISIC A/S has developed a universal mounting bracket, to be applied when desktop- ceiling- or wall-mount is required.

The bracket is designed for universal use with the DuraMON-WS Classic monitor series, but will also be available with Vesa 150 x 280 bracket for ISIC DuraMON Soft and DuraMON Glass.

The design is robust yet lightweight and elegant; providing secure and stabile fastening of the monitor and maximum flexibility to the user.

Adjustable mounting arms allows the bracket to be fitted to the individual monitor size.

The DuraMON-WS Bracket is approved in accordance with IEC60945 and certified by DNV.
